

English Conversation and American Culture Program

The perfect opportunity to visit and learn English at the number one tourist destination in the world “ORLANDO”!!

A program organized to visit tourist sites that highlight American culture and values. International students will engage in English conversation practice in conjunction with tourist activities.

Sponsored by: Elite School of Languages

The program offers international students the opportunity to experience Orlando’s world-class theme parks and other venues that make it a vibrant and progressive city. These experiences are made alive through conversation practice in English led by experienced teachers with degrees in TESOL. The English conversation practice is held in prestigious educational facilities in the Orlando area. International students will be able to practice and improve their English with American students and TESOL specialists at these college and university settings. International students of all levels of English proficiency are welcome.

The tours during the two week session will highlight sights and activities related to scheduled topics. For example, to culminate the conversation topic on entertainment, the students will visit Orlando’s famous parks, such as Universal’s Islands of Adventure, Disney , Sea World and more. The topic on education will give students insight into the American educational system through visits to colleges and universities, such as the University of Central Florida, the second largest university in the United States. The ecosystem of Florida will be showcased in a tour of Gaylord Palms, one of the largest hotels in the Orlando area that depicts the variety of landscapes unique to Florida. These two weeks will provide a tourist experience that is fun and educational.

Students can choose from the following dates. The deadline for application is indicated.
